WHY VSS

MISSION FOCUSED

Your Success is Our Mission. 

It's more than just our slogan, it's a *promise* to our customers and partners.

PROCESS ENHANCEMENT

We like to think big & make bigger moves. 

Agility and innovation allow us to rapidly understand, develop and deploy timely customized, data-driven solutions.

AGILITY

We're a big, small company. 

We deliver large-scale solutions and results by maintaining a small business focus on superior service.

METRICS

We put our money where our mouth is. 

Our team's knowledge, expertise and thorough review of existing processes allows us to recommend insightful, efficiency-gaining improvements. Plus, comprehensive data collection and analytics provide the metrics to back our results.

QUALIFICATIONS

"Suppliers are critical members of our industry team, enabling production of the most advanced technologies for our customers... You achieved this award because you are the top of your game. Our environment demands that we continue to get better and you continue to prove a commitment to quality and ensure we deliver innovative solutions worldwide."

- Lockheed Martin Rotary & Mission Systems

WHAT WE'VE DONE

VSS has delivered products and services as a prime contractor and as a subcontractor for a series of other contractors supporting the U.S. Government and its various missions including:

- o USAF Industrial Product - Support Vendor Gen III
- o VA Warehousing & Strategic Sourcing Support
- o DLA Tailored Logistic Services Contracts
- o SOF GLSS
- o Specialized Kitting Support

For additional details, see following pages.

THIRD PARTY LOGISTICS (3PL) / INDUSTRIAL PRODUCT-SUPPORT VENDOR (IPV)

United States Air Force (USAF) Industrial Product-Support Vendor Generation III (IPV GEN III)

Provide over 90 personnel to manage and execute the warehousing, inventory and kitting of all hardware and material at the three primary USAF depot-level maintenance air bases across CONUS. Manage inventory of over 40,000 parts locations and produce over 300,000 specific aircraft maintenance kits for airframe and propulsion systems. Receive more than 1,200 shipments daily that must be processed and delivered by the end of the workday. Under the 10-year IPV GEN III contract with Lockheed Martin, VSS provides the entire logistics, support and warehouse services workforce.

Customer/Prime	USAF/Lockheed Martin
Contract Number:	PO# 4103246306
Value:	\$52.9M

VA Emergency, Pandemic & Other Warehousing Operations

Provide warehouse support services for four Veterans Integrated Service Networks (VISN). Each warehouse is climate controlled, equipped with sprinklered fire suppression systems and are alarmed and/or provided with CCTV for security. Each is also equipped with industry standard supply storage racks capable of holding medical/surgical supplies. One warehouse provides transshipment services overseas. To support each warehouse we provide a dedicated team of logistics professionals who are tasked with providing integrated logistics services (ILS) to their VISN, including standard inventory management and inbound/outbound shipping operations.

Location Dallas, TX **Value** \$7.5M

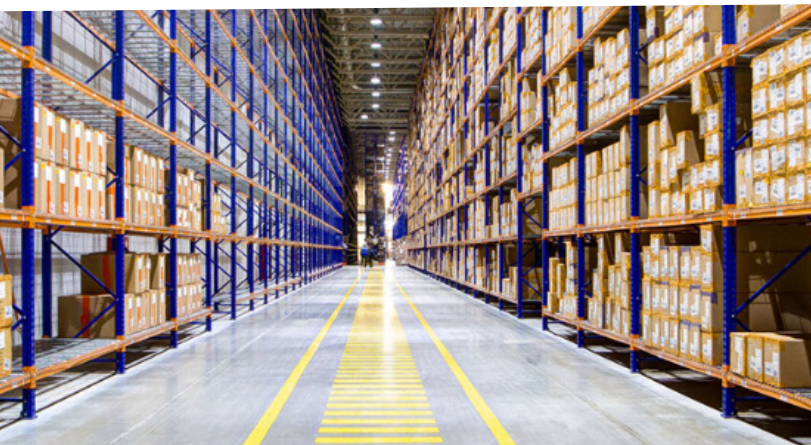

Special Operations Forces Global Logistics Support Services (SOF GLSS)

Supplier to Lockheed Martin on the 10-year SOF GLSS contract starting in 2019. We consolidate, prepare for shipment and ship products provided under task orders to GLSS HQ in Lexington, KY, or to other locations worldwide as directed. All products are brought to our warehouse, inventoried, inspected, kitted and prepared for shipment.

Customer/Prime USSOCOM/Lockheed Martin

Contract Number: Various task orders

Value: \$10M

General Services Administration (GSA) 51V Superstore Contract Multiple Award Schedule (MAS)

VSS Logistics holds a Schedule 51V GSA MAS since 2007 and has provided thousands of products during the life of the contract. We maintain over 50,000 products on our MAS with access to millions of MRO items. Our Strategic Sourcing Representatives provide customer support to GSA in various modes of communication.

Customer/Prime DoD & Other Departments

Contract Number: GS-21F-0018U

Value: \$30M

DLA Tailored Logistics Services (TLS)– Special Operations Equipment (SOE) & Maintenance, Repair & Operations (MRO) Contracts (DLA TLS Contracts)

Provided comprehensive procurement and integrated logistics services (ILS) under two DLA contracts (SOE TLS, MRO TLS) from 2015-2019 for a series of Primes. Sourced special operational equipment, tactical equipment, specialized clothing and items, facility maintenance equipment, and various MRO products. Provided consolidation, packing and shipping, and in-theater sustainment support.

Customer/Prime DoD/Darley, TSSI, ADS, Quantico Tactical, Supplycore, Noble

Contract Number: Various task orders

Value: \$20M

SPECIALIZED KITTING SERVICES

VSS Logistics provides unique, customized tool kits for a series of U.S. Government customers. All products are brought into our warehouse, inventoried, inspected, kitted and prepared for shipment.

U.S. Coast Guard Response Boat Medium

RB-M Kitting BPA

2012-2017

Awarded a BPA and tasked with designing, procuring, building and providing First-Article Test for the 79 vessel USCG RB-M fleet. Produced twelve (12) custom kits per boat and delivered to USCG shipyards in Alaska, Hawaii and the continental US.

U.S. Army AN/TPQ- 50 Counterfire Radar Kitting

SRC Subcontract

2014- Present

Awarded a subcontract by SRC and tasked with designing, procuring, building and providing the maintenance tool kit for the U.S. Army's AN/TPQ-50 Counterfire Radar. VSS has manufactured over 380 individual kits since 2014 and continues to supply the maintenance kit.

U.S. Army/U.S. Air Force Airfield Damage Repair

SOE TLS Contracts

2015-Present

Under a SOCOM GLSS Task Order, we worked with U.S. Army Airborne units and the U.S. Air Force to design, procure, build and then provide a specific tool kit for repairing airfields after they had been seized. The ADR Kit is a USAF Certified, air-droppable design that is completely self-contained.
