

## PROGRAM MANAGEMENT

VSS is eager to fulfill your program management needs. From the initiation phase through program closure, we are proficient at identifying opportunities and resources, implementing processes, monitoring progress and establishing tailored methods of performance analysis to ensure your final result is a success story.

## STRATEGIC SOURCING

Let our team of dedicated, resourceful and experienced strategic sourcing reps serve as your own procurement experts, to save time and money. Through our network of suppliers, we'll navigate the supply chain and meet your toughest acquisition requirements with **speed, accuracy** and **clear communication** throughout the entire process, all at the **most competitive price** possible.

## STAFFING SOLUTIONS

VSS has staffed hundreds of personnel across the country in support of Department of Defense contracts. The branches of service and leading prime contractors rely on VSS for a wide range of human resources. We can supply the people you need when you need them and most importantly, where you need them. Whether it is a single person for a job here in the US or a dozen workers downrange, VSS has the ability to fulfill your needs.

THIRD PARTY LOGISTICS (3PL)/  
WAREHOUSING

Through our 3PL/warehousing services, VSS can offer cost-effective solutions for the entire logistics, support, inventory management and warehouse services workforce, helping you optimize your budget and allocate resources efficiently. We maintain your products in a safe and efficient manner for long-term and rapid deployment scenarios. By partnering with VSS, you can enhance the overall resilience of your infrastructure, reduce the risk of unexpected failures and ensure a consistent and reliable delivery of products and services, when and where you need them.

VENDOR MANAGED INVENTORY  
SOLUTIONS

Our team can monitor and maintain specified inventory levels and designated stocking points on selected items to ensure maximum efficiency within a specified budget. By streamlining your inventory management and order fulfillment, we can help improve order accuracy, reduce rework, provide faster inventory turns and higher in-stock percentages—all helping the bottom line.

INDUSTRIAL PRODUCT-SUPPORT  
VENDOR (IPV)

VSS offers fully-capable, award-winning IPV services to keep your products moving on time. In a world of rising prices, maintaining efficiency without sacrificing service is critical—and we're your cost-effective solution to achieve that goal. We approach the task with lean, innovative processes, a strong technology platform and a focused, mission-driven team that allows us to make the difference in your supply chain by keeping it on task and on time. And, by providing internal oversight of administrative HR functions including time-keeping, payroll and workers' comp, we are your one-stop shop for logistic solutions. Furthermore, our ISO certification ensures your quality is never compromised.

VSS is proud to be recognized as an Elite Supplier to Lockheed Martin on the USAF-IPV contract providing pivotal service in our nation's defense.

INTEGRATED LOGISTICS  
SERVICES (ILS)

Our integrated logistics services offer turnkey solutions to meet all your needs and stay on budget.

Let VSS handle your:

- ✓ Planning—material handling, warehousing & storage
- ✓ Utilization & packaging
- ✓ Inventory management
- ✓ Transportation
- ✓ Control & knowledge

So you can realize:

- ✓ Streamlined approval & ordering processes
- ✓ Inventory accuracy = reduction in operational costs
- ✓ Improved data & usage insights
- ✓ Increased supply chain visibility

CUSTOM KITTING

At VSS we have a passion to supply and integrate tools for custom applications. We work with virtually every quality tool manufacturer and combine their products with our integration services. Our experience includes kits for every environment—marine to desert to aerospace FOD prevention—and range from domestic Vehicle Maintenance Facilities to deployment ready air-droppable applications.

Our kitting services can be used for OEM production parts, maintenance materials and any assortment of pieces you need brought together. You can expect consistency and accuracy thanks to our ISO 9001:2015 approved kitting procedures.
